alcohol 13.9%

bottling date March 2022

case production 883 cases

aging 65% stainless steel, 5% new oak,
30% neutral barrels for 6 months

winemaker's notes

The 2021 Sauvignon Blanc reflects its slightly cooler growing season.

It is bursting with layers of tropical fruit: guava, starfruit, and mango, with just a touch of grassiness.

Across the palate, limestone minerality and hint of oak are very appealing. The acidity is quite vibrant and makes for juicy, well-structured and mouthwatering Sauvignon Blanc.
